

Suttikoon Koonkor

Postdoctoral Researcher in Astrophysics
National Astronomical Research Institute of Thailand (NARIT)
260 Moo 4, Don Kaew, Mae Rim, Chiang Mai 50180, Thailand

+66 96 339 1684 | suttikoon@narit.or.th | skoonkor.github.io | ORCID 0009-0009-9864-4691

WORK EXPERIENCE

Postdoctoral Researcher	Oct 2025 – Present
National Astronomical Research Institute of Thailand	
Research Assistant	Jul – Sep 2025
National Astronomical Research Institute of Thailand	

PUBLICATIONS

Full list on NASA ADS.

1. **S Koonkor**, C M Baugh, et al. The galaxy spectrum synthesis in cosmological simulation using the principal component analyses. In preparation; manuscript available on request.
2. A Kumar, C M Baugh, **S Koonkor**, et al. The PAU Survey: uncovering the connection between intrinsic and observed galaxy properties using symbolic regression. Accepted, MNRAS, 2026. arXiv:2512.13389
3. **S Koonkor**, C M Baugh, G Manzoni, et al. (2026) The PAU Survey: the *i*-band galaxy luminosity function from the present-day to $z = 2$. MNRAS, 547(3), 1–24. doi:10.1093/mnras/stag362
4. G Manzoni, C M Baugh, P Norberg, . . . , **S Koonkor**, et al. (2024) The PAU Survey: a new constraint on galaxy formation models using the observed colour-redshift relation. MNRAS, 530(2), 1394–1413. doi:10.1093/mnras/stae659

EDUCATION

PhD in Astrophysics – Durham University, UK	2021 – 2025
Thesis: A New Estimate of the Galaxy Luminosity Function, using Machine Learning and a Mock Catalogue	
MSc by Research in Physics – Durham University, UK	2019 – 2020
Thesis: Application of Principal Component Analysis to Galaxy Spectral Energy Distributions	
BSc in Physics – Khon Kaen University, Thailand	2014 – 2018
Thesis: Halo Mass Function in Dark Energy Models	

SCHOLARSHIPS & AWARDS

Ogden Outreach Award [award]	2023
A postgraduate ambassador, for contributing to physics outreach	
Civil Service Commission of Thailand Postgraduate Scholarship [scholarship]	2018 – 2024
Full financial support for postgraduate study	
Development and Promotion of Science and Technology Talents Project [scholarship]	2014 – 2018
A fully-funded scholarship for a bachelor's degree in science	
The 13th Conference on Science and Technology for Youths [award]	2018
Best Oral Presentation in Astrophysics and High Energy Physics research	

CONFERENCES & WORKSHOPS

Deep Learning for Physics (DELPHY2025) Attendee	Dec 2025
Space Astronomy Science Platforms Focus Week Attendee	Dec 2025
WE-Heraeus and NARIT Cosmology School 2025 – Galaxies and Beyond Talk	Oct 2025
HSC Medium-band Survey Science Community Workshop Poster	Aug 2025

Durham-Edinburgh eXtragalactic (DEX) Workshop XX Talk	Jan 2024
Building Galaxies from Scratch 2024 Poster	Feb 2024
Carl-Zeiss-Stiftung Summer School on Scientific ML for Astrophysics Attendee	Aug 2023
First Thai-CTA Workshop on Astroparticle Physics Attendee	Feb 2019

TEACHING & MENTORING

Research-based Outreach – NARIT	Nov 2025 – Jun 2026
Mentored high school students (simple ML image classification, N-body simulations)	
Master’s Research – Durham University	Feb – Dec 2024
Mentored a Master’s student (A. Kumar) on research using the mock galaxy catalogue	
Level 1 Introduction to Astronomy – Durham University	Sep 2021 – Mar 2022, Sep 2023 – Mar 2024
Undergraduate Teaching Assistant	
Level 1 and Level 2 Scientific Computing Workshop – Durham University	Sep 2022 – Mar 2023
Undergraduate Teaching Assistant	
Introduction to Scientific and High-Performance Computing – Durham University	Sep – Nov 2022
Postgraduate Teaching Assistant	

ACTIVITIES & OUTREACH

Astronomy for All NARIT & Lopburi School for the Blind	Feb 2026
Research-based Outreach Mentoring two high school students	Nov 2025 – Present
MOrning Coffee Hurried ArXiv (MOCHA) Founder, weekly astrophysics journal club	Oct 2025 – Present
The Space Investigators Led the main interactive software development	Mar – Sep 2024
Durham University Open Days	Sep 2024
The Royal Society Exhibition at Jodrell Bank Observatory	Aug 2024
The Ukrainian Summer School	Aug 2024
Annual Schools’ Physicist of the Year	Jul 2022, Jun 2023, Jun 2024
STEAM Live Primary Career Fair	Jun 2024
The Durham Schools’ Science Festival	Mar 2024
Celebrate Science	Oct 2022, Nov 2023
Summer Science Exhibition Lates at the Royal Society	Jul 2023
Post-Offer Visit Days	Mar 2023
Astronomy Camps and Activities 300+ hours	2014 – 2017

KEY SKILLS

Computing	Python, Fortran, $\LaTeX$, SQL, HTML, SAOImageDS9
Soft skills	International collaboration, public speaking, technical writing, adaptability
Languages	Thai (native), English (proficient), German (basic)
Research areas	Galaxy formation and evolution, large scale structure, machine learning in astrophysics
